

65B. Turfchek II - Rough Grass Height Cut Gauge Order #: HGROUGH-G Price: \$ 25.00	
	<p>The Turfchek II is a height of cut gauge designed for taller grass to determine the actual mowing height, right in the field.</p> <p>The unit is made of high impact plastic and can tell grass height in 1/4 inch increments from 1/2 inch to 2 1/2 inch and then 1/2 inch increments from 2 1/2 inch to 5 1/2 inches tall. The Millimeter side of the Turfchek II shows height of cut in 6 millimeter increments from 6 mm to 60 mm inch and then 12 mm increments from 60 mm to 132 millimeters tall.</p>
	<p>This Ball Mark Repair Tool is the best in the industry for repairing ball marks on golf greens. The time proven design has been around for over 30 years and cannot be matched for ball mark repair quality and putting green roll after repairs are made.</p> <p>Simply insert the stainless steel spikes of the ball mark repair tool into the golf green, squeeze the trigger and lift the tool (and ball mark) to the desired level.</p> <p>The soil is pressed together by the feet and lifting up the depression made by the golf ball restores the green to its original surface. Tool can be inserted at any depth which makes it ideal for using in the summer on northern grasses! There is no better tool for ball mark repair available.</p>
67. Duich Ball Mark Plugger Order #: BMP1-M Price: \$ 150.00	
	<p>This new plugger is specially designed for removing ball marks completely out of the green. The hardened cutter blade removes a turf plug 1-1/2 inches in diameter by 2 1/2 inches deep. The hollow handle fills up with 12 plugs, and the plugs are simply ejected out the top by turning unit upside down.</p> <p>Excellent for the new ultra dwarf grasses. Also useful in removing Poa Annua and Goosegrass on greens.</p> <p><i>* Special pricing available for 5 or more units.</i></p>

67A. The Spot Divot Sand Topdresser Order #: SPOT1-G Price: 180.00	
	<p>The Spot Divot Sand Topdresser allows dry sand to be applied to ball marks or divots quickly and easily with a press of the handle. Simply put the tool over the ball mark press down and sand is deposited in the depression. The longer you hold the tool down, the more sand is deposited.</p> <p>Filling ball marks allows smoother and faster ball roll on the playing surface. Also The Spot Divot Sand Topdresser lightweight and can be carried along with many other jobs, such as your morning setup, pin placement and can be used to add sand when cutting cups.</p>

DIAGNOSTIC MANAGEMENT PRODUCTS
